About Autism Speaks

Autism Speaks passed its 5th Anniversary on February 25, 2010. Find out more about the highlights of our incredibly busy first five years by going to www.autismspeaks.org. We are proud of what we've been able to accomplish and look forward to continued successes in the years ahead.

Our Mission—We are dedicated to funding global biomedical research into the causes, prevention, treatments, and cure for autism; to raising public awareness about autism and its effects on individuals, families, and society; and to bringing hope to all who deal with the hardships of this disorder. We are committed to raising the funds necessary to support these goals.

Autism Speaks aims to bring the autism community together as one strong voice to urge the government and private sector to listen to our concerns and take action to address this urgent global health crisis. It is our firm belief that, working together, we will find the missing pieces of the puzzle.

At Autism Speaks, our goal is to change the future for all who struggle with autism spectrum disorders.
