

Elwyn Act 89 Student Records Policy

All reports and records of student services are kept in accordance with the Pennsylvania Department of Education.

Elwyn is required to keep demographic records of students who received services (e.g., names, dates of birth, school, grade, type of service, contact information) for 99 years.

Professional reports and student records (e.g., test protocols) generated in conjunction with Act 89 are kept for 7 years from the date of service. Professional reports are shared with school personnel but are not part of your child's educational record. Elwyn professional reports and student records will not be released or forwarded to any other party or agency without written parental permission unless required by applicable law or court order.
