BOOK OF THE MONTH

Lola Plants a Garden by Anna McQuinn

How does your garden grow? Book-loving Lola is inspired by a collection of garden poems that she reads with her mommy. She wants to plant her own garden of beautiful flowers, so she and Mommy go to the library to check out books about gardening. They choose their flowers and buy their seeds. They dig and plant. And then they wait. Lola finds it hard to wait for her flowers to grow, but she spends the time creating her own flower book. Soon she has a garden full of sunflowers and invites all of her friends for cakes and punch and a story amongst the flowers.
